

Small wind slab avalanches near Round Lake

Round Lake

Cooke City

2/2/2025

Code

SS-N-R1-D1

Latitude

45.07450

Longitude

-109.90700

Notes

During a full day of ski touring near Round Lake, we saw about 4" of new snow. Hard to tell though because the wind was really blowing snow around. I saw two small shallow [wind slab](#) avalanches but vis was poor.
